\*Students must pass the course with a "C-" or higher

\*\*Students must ensure the electives they choose fulfill all remaining KU Core requirements.

\*\*\*Technical electives are selected from upper level aerospace courses, approved courses from other engineering departments, or approved math courses.

\*\*\*\*CHEM 130 can be substituted for CHEM 150. Student must be eligible to for MATH 115 to take CHEM 130

<sup>1</sup>Students must be enrolled in written communications courses (KU Core GE 2.1) continuously until the requirement is satisfied.
